Shine and Detangler

The most advanced detangler and shine formula on the market today, made from renewable resources.

Natural Goodness

eZall® has combined science and technology with Mother Nature to bring you a unique blend of ingredients for the ultimate in shine and detangling. Our products are non-toxic and environmentally friendly.

Ingredients:

Made from a non-petroleum proprietary blend of emollients and moisturizers.

Directions:

Massage a small amount into wet or dry hair for a smooth and silky shine.

Warning: This product can expose you to chemicals including beta-myrcene, which is known to the State of California to cause cancer. For more information go to www.P65Warnings.ca.gov
