

RESCUE™ LAMB & KID™ COLOSTRUM REPLACER

POTENT FORMULATION

Concentrated Formulation for Lambs & Kids Tiny Bellies

144 g GLOBULIN PROTEIN

High-Level Globulin Protein Formula for Immune Support

SERUM BASED FORMULA

Proven Formulation for Better Absorption

LIFELINE Rescue Lamb & Kid Colostrum Replacer

High-level colostrum replacement tailored for lambs and goat kids.

When colostrum isn't available, **LIFELINE Rescue Lamb & Kid** offers a dependable, complete replacement to help newborn lambs and kids thrive. Formulated with **144 grams of globulin proteins, 24% added fat**, and carbohydrates, Rescue Lamb & Kid provides critical energy for newborns in a small, easy-to-feed amount that fits their tiny stomachs.

Key Features:

- **Essential Protein & Energy** – 88 grams of protein plus 24% added fat and carbohydrates to support newborn growth.
- **Specially Concentrated for Small Feedings** – Designed to fully nourish preemies, multiples, and orphans who need early immune support.
- **Smooth Mixing** – Serum-based formula mixes easily in warm water, ensuring reliable, lump-free feeding.

Why Choose Rescue for Lambs & Kids?

- **Formulated for Tiny Bellies** – Each serving is highly concentrated, providing a complete feeding for small, delicate newborns.
- **Reliable Results** – Supports survival and early development, especially during extreme weather or stressful conditions.

Peace of Mind

Ensure your lambs and kids start strong with **LIFELINE Rescue Lamb & Kid**. This high-quality replacer helps safeguard against the risks of insufficient colostrum, supporting bright, healthy newborns from their first meal.

Choose LIFELINE Rescue Lamb & Kid—specifically designed to nurture newborn lambs and kids.

RESCUE™ LAMB & KID™ COLOSTRUM REPLACER

FEEDING GUIDELINES | COLOSTRUM REPLACER

MIXING GUIDELINES FOR ONE FEEDING	BODY WEIGHT IN POUNDS	NUMBER OF FEEDINGS
1/4 CUP (25 g) POWDER + 4 OZ OF WARM WATER	4	3
	6	5
	8	6
	10	8
For Example, an Average 10 lb Lamb Would Receive:	2 Cups Powder 32 oz Warm Water <i>Split Between 8 Feedings Over the First 24 Hours</i>	

Mix Rescue Lamb & Kid into warm (105°F) water. Stir until the powder is completely dissolved. Feed to the lamb or kid via nipple feeder or esophageal feeder. Only mix enough powder for one feeding at a time.

TO FEED AS A SUPPLEMENT

- For each feeding, mix 2 tablespoons of powder into 2 ounces of water. Feed in addition to colostrum. One bag feeds 6-14 animals.

AFTER DAY ONE - ADVANCED BENEFITS OF COLOSTRUM

- Continue feeding Rescue after the first day to ensure continued protection and optimal nutritional benefits.
