

ProPaint Maxx Black

Weaver Livestock

Glossy Black Finisher

ProPaint Maxx Black is the second step in a two-step process for achieving a uniform black appearance on show day. This formula provides a deep, rich black appearance with a touch shine.

Health Matters

Our products DO NOT contain toxic compound methylene chloride.

Directions: Use to cover ProPaint Base Black. Shake well. Spray light, even coats until desired color is achieved. Drying time varies. Remove using ProRefit or ProRemover, and wash with any Weaver Livestock shampoo. Store and use at room temperature. After use, invert and spray can to clear valve and spray tip. Clean with petroleum solvent if clogged.

Caution: Eye Irritant. Contents Under Pressure. Contains Methyl Acetate, Propane, Butane, Ethyl Acetate, Ethanol, Toluene and Methanol. Vapors will accumulate readily and may ignite explosively. Keep product away from heat, sparks, flames, and sources of static discharge. Do not store above 120°F or in direct sunlight. Do not puncture, incinerate or discard in a compactor. Avoid contact with skin and eyes. Use directional arrow on spray head to avoid spraying in eyes. May cause eye, skin and respiratory tract irritation.

Keep out of reach of children.

Use with adequate ventilation, ensuring fresh air entry during application.

First Aid: In case of eye contact, remove contact lenses and flush eyes with water for at least 15 minutes. Seek medical attention. For skin contact, wash thoroughly with soap and water. In case of respiratory difficulty, provide fresh air and call a physician immediately. Harmful or fatal if swallowed. Do not induce vomiting. Call a physician immediately.

Note: Use as directed. Intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal. Primary health concerns regarding this product are related to the solvent vapors. Once this product is dried, these warnings do not apply. See SDS for additional information.

Made in the USA with globally sourced materials.

Warning: This product can expose you to chemicals including Acetaldehyde, which is known to the State of California to cause cancer, and Toluene, which is known to the State of California to cause birth defects or other reproductive harm. For more information go to www.P65Warnings.ca.gov.
