

Sheep & Goat Whitening Powder

Weaver Livestock

Provides White, Bright Appearance

Show Day

Sheep & Goat Whitening Powder covers inconsistent colors and imperfections on clipped or shorn animals to provide a uniform white and bright appearance on show day.

Directions: Shake well; powder can settle during storage and reduce effectiveness. Spray light, even coats. Product whitens as it dries. Allow drying time between coats. Brush in with a soft-bristled brush. Washing is not required. Store and use at room temperature. After use, invert spray can to clear valve and spray tip. Clean with petroleum solvent if clogged.

Danger: Contains Ethanol, Isobutane & Propane Propellant and Talc (Magnesium Silicate Hydrate). Flammable. Do not smoke. Extinguish all flame and pilot lights and turn off stoves, heaters, electric motors and other sources of ignition during use and until all vapors are gone. Keep product away from heat, sparks, flames and sources of static discharge. Vapors will accumulate readily and may ignite explosively. Do not puncture or incinerate or discard in a compactor. Exposure to heat or prolonged exposure to sun may cause bursting. Do not expose to heat or store above 120°F or in direct sunlight. **Vapor Harmful:** Do not breathe vapors, spray, mist or over spray. **Notice:** Intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal. Use Only With Adequate Ventilation. Prevent buildup of vapors by opening all windows and doors to achieve cross-ventilation. Avoid contact with skin and eyes. **Safety Caution:** Eye and skin protection is recommended.

Keep out of reach of children.

First Aid: In case of eye contact, remove contact lenses and flush eyes with water for at least 15 minutes. Hold eyelids apart to ensure complete rinsing of the entire surface of the eye with water. Continue flushing with plenty of water for at least 15 minutes. If irritation persists, seek medical attention. For skin contact, wash thoroughly with soap and water. Remove contaminated clothing and shoes. If irritation persists, seek medical attention. In case of respiratory difficulty, provide fresh air and call a physician immediately. If not breathing, give artificial respiration. Seek immediate medical attention. Harmful or fatal if swallowed. Do not induce vomiting. Call a physician immediately.

Note: Use as directed. Intentional misuse by deliberately concentrating and inhaling the contents may be harmful or fatal. Primary health concerns regarding this product are related to the solvent vapors. Once this product is dried, these warnings do not apply. See SDS for additional information.
