

Majesty's FlexXT Wafer for Horses™

Majesty's Animal Nutrition®

EASY-TO-USE EQUINE JOINT SUPPLEMENT WAFERS

PRODUCT FACTS

Active Ingredients Per Wafer	
Glucosamine KCL (Shellfish Source)	7500mg
MSM (Methylsulfonylmethane)	3000mg
Yucca Extract (Yucca Schidigera)	1750mg
Chondroitin Sulfate (Chicken Cartilage)	600mg
Ascorbic Acid (Vitamin C)	750mg

Inactive Ingredients: Applesauce, Apple Bits, Barley, Brown Rice, Flax Seed, Molasses, Oats, Potassium Sorbate (preservative), Rye, Triticale, Water, and Wheat.

CAUTIONS: If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Safe use in pregnant animals or animals intended for breeding has not been proven. Administer during or after the animal has eaten to reduce incidence or gastrointestinal upset. An examination from a veterinarian is recommended prior to using this product.

FOR USE IN HORSES ONLY: Recommended for support of bones, joints, and cartilage. Know they are getting the right amount! These unique, highly palatable wafers were developed by horse people for horse people who experience the difficulty and waste of supplementing with powders or liquids.

DIRECTIONS FOR USE: Use one or two wafers daily or as recommended by your veterinarian. Store in a cool, dry place. Keep tightly sealed.

WARNINGS: Not for human consumption. Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately. This product should not be given to animals intended for human consumption.

Made in Central Oregon

Nestled east of Cascade Mountains, beautiful Central Oregon is home to a large population of horses. Pastured for six or seven months of the year supplementing your horse can be a difficult and inefficient chore. The same applies other times of the year when you have multiple horses and feed them together but only want to supplement one or two of them.

Family-owned Majesty's Animal Nutrition has developed a superior way to efficiently supplement your horse year-round. You now have no need to separate and stall horses,

mix feed with supplement and make sure it is consumed. With Majesty's, you only need to use a tasty, no-bake wafer, saving you time and money! And because we actually manufacture the products, we are able to provide optimum control over quality, freshness and cost.

When our Flex wafer just isn't enough, **Majesty's FlexXT** is here to boost what you need the most. We have added more **Glucosamine, MSM, Yucca, and Ascorbic Acid** to our regular Flex to produce a joint supplement wafer that will support your needs. Your horse will absolutely love these.
