45 Moist & Tasty Soft Chews

Help your pet jump up to their favorite spot including your lap!

**Reseal Closure After Opening to Ensure Freshness.**

### Direction for use:

The recommended initial administration period is four to six weeks; however, some dogs may respond sooner. The number of soft chews may then be reduced to the maintenance level.

### Number of Soft Chews

Weight	Maintenance Level	Initial 4-6 Week Administration Period
5-10 lbs.	1 every other day	1 daily
11-25 lbs.	1 daily	2 daily
