

# Fresh & Feminine™

## *Sullivan Supply*

The secret to eye appealing show cattle!

### **Get Fresh!**

Feminine shape and freshness throughout the front end of your show animal spells ultimate success or failure in the show ring today.

This is how it works...the superior science of Fresh & Feminine features a combination of strategic vitamins, minerals, amino acids, and protein sources. This chemistry supports metabolic fat burning that targets specific areas of the body to reduce fat content, most notably in the neck and brisket area. As a result, the heifer has a more feminine, attractive physique. This helps to offset the results seen from aggressive, high energy show cattle diets.
