

Insect Shield Opti-Force™ Fly Mask

Manna Pro

- Manna Pro's NEW Horse Fly Mask with:
 - INNOVATIVE in the Horse Fly Mask category
 - Protects & repels mosquitoes, ticks, ants, flies, chiggers and midges (including Lyme disease and West Nile).
 - Comfortable design keeps the mask off the face and away from the eyes of the horse
 - Protects exposed areas around the mask, including muzzle and ears
 - Fits horses from 900-1200 lbs.

Provides Built-in, invisible, odorless insect protection with Clear View Vision™ mesh

Active Ingredients: This item has been treated with permethrin insect repellent. Repels mosquitoes, ticks, fleas, and flies. Dry cleaning removes active ingredient. Do not dry clean. Do not re-treat gear with other permethrin insect-repellent products. Repellency to mosquitoes remains effective form 6 months of exposure to weathering for non-washable items: tents, tarps, awnings, patio umbrella covers, kennel covers, stall covers. Repellency remains effective for 25 washings for washable items: sleeping bag covers, backpacks, outdoor furniture covers, outdoor furniture cushion covers, netting, blankets, ground cloths, horse blankets, pet bedding.

EPA Reg. No 74843-5 EPA Est. No 74843-CHN-001

ACTIVE INGREDIENTS:

Permethrin	0.52%
OTHER INGREDIENTS: (Gear)	99.48%
TOTAL:	100.00%

Directions for Use

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not dry clean. Do not re-treat gear with other permethrin insect-repellent products. Wash separately from other items. Do not use or recycle this product for purposes other than originally intended. For protection of exposed skin, use in conjunction with an insect repellent registered for direct application to skin.

Storage and Disposal: Do not contaminate water, food or feed by storage or disposal.

Disposal: Discard in trash when gear is worn out.

Opti-Force Mask has been crafted for maximum protection and comfort for your horse. Our **Clear View Vision** mesh shields your horse from harmful UV rays. The tear resistant material is highly durable and light weight.

Fitting and Care Tips:

1. When putting the mask on your horse, approach the horse from the left side. Directly approaching your horse with the mask could startle him.
2. Open the two locking fasteners and place the ears through the mask with the forelock over the trim and mesh. Secure both the locking fasteners under the jaw.
3. Once the mask has been fastened with the right amount of snugness, check each side of the horse's face by allowing your fingers to slip comfortably between the mask and your horse. The mask fabric should not be too close to your horse's eyes; ensure the eye lashes do not poke through the material.
4. Straps can be adjusted for a custom fit. Checking the mask daily is recommended. Examine the condition of your horse's face and eyes. Check for any damage to the mask. Replace the mask if damage is found, as it is difficult to repair. It's important to keep the mask clean. Wash the mask periodically, with mild soap and water. Caution, vision may be impaired during rainstorms.
