Repels mosquitoes, ticks, biting flies and fleas

Designed for a secure fit with strong, Clear View Vision™ mesh

Comfortable design that keeps mask off the face and away from eyes

Two adjustable Safety Fasteners

Jersey mesh, contoured fit & more room around the eyes

Insect Shield® Fly Mask from Opti-Force® crafted for maximum protection and comfort for your horse. Our Clear View Vision mesh shields your horse from harmful UV rays. The tear resistant material is highly durable and light weight.

Fitting and Care Tips:

- 1.** When putting the mask on your horse, approach the horse from the left side. Directly approaching your horse with the mask could startle him.
- 2.** Open the two locking fasteners and place the ears through the mask with the forelock over the trim and mesh. Secure both the locking fasteners under the jaw.
- 3.** Once the mask is fastened with the right amount of snugness, check each side of the horse's face by allowing your fingers to slip comfortably between the mask and your horse. The mask fabric should not be too close to your horse's eyes; ensure the eye lashes do not poke through the material.
- 4.** Straps can be adjusted for a custom fit. Checking the mask daily is recommended. Examine the condition of your horse's face and eyes. Check for any damage to the mask. Replace the mask if damage is found, as it is difficult to repair. It's important to keep the mask clean. Wash the mask periodically, with mild soap and water. Caution, vision may be impaired during rainstorms

Features

Designed to last with strong, **Clear View Vision™** mesh

Equi-Glo reflective material allows visibility of your horse after dark

Built-in, invisible, odorless insect protection

Jersey mesh with contoured fit

Two adjustable safety fasteners

This item has been treated with permethrin insect repellent. Repels mosquitoes, ticks, fleas, and flies.

Repellency to mosquitoes remains effective for 6 months of exposure to weathering for non-washable items: tents, tarps, awnings, patio umbrella covers, kennel covers, stall covers. Repellency remains effective for 25 washings for

washable items: sleeping bag covers, backpacks, outdoor furniture covers, outdoor furniture cushion covers, netting, blankets, ground cloths, horse blankets, pet bedding and harnesses. Dog apparel and harnesses are not to be worn by puppies less than 7 weeks old.

ACTIVE INGREDIENTS:

Permethrin 0.52%

OTHER INGREDIENTS: (Gear) 99.48%

TOTAL: 100.00%

Directions for Use:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling. Do not dry clean. Do not re-treat gear with other permethrin insect-repellent products. Wash separately from other items. Do not use or recycle this product for purposes other than originally intended. For protection of exposed skin, use in conjunction with an insect repellent registered for direct application to skin.

Storage and Disposal: Do not contaminate water, food or feed by storage or disposal.

Disposal: Discard in trash when gear is worn out.
