## *Sullivan Supply*

### #1 TOUCH-UP for Light Hereford/Gelbvieh/Limousin/Red Angus Hair

Sullivan's FAWN Touch-Up is the final touch-up for covering adhesives and leg builders on medium red hair with a faint brown tint found on Hereford, Red Angus and Light Shorthorn colored cattle. It is tremendous for creating texture, fullness and build-up to each hair follicle without melting away your adhesives and leg builders. Brick Touch-Up provides excellent coverage and color dimension to enhance your animal's natural hair color.

**DIRECTIONS:** SHAKE WELL before each use. After grooming the leg with adhesive to the desired appearance, spray touch-up onto area to be covered as the final step for color-matching. Hold can approximately 18-24 inches away from the hair and spray light, even coats allowing for subtle blending to match the natural hair color of the animal. Applying multiple coats will darken the color. Some colors of hair may require the use of two shades of touch-ups sprayed simultaneously to blend and achieve the best color match. Color enhancements may be prohibited at some shows, please check the rules. Remove the Sullivan's Hair Savior™ Adhesive Breakdown and wash out with Sullivan's Vita Hair Volumizer™ Foaming Shampoo.

**DANGER:** FLAMMABLE. HARMFUL OR FATAL IF SWALLOWED. VAPOR HARMFUL. EYE IRRITANT. CONTANTS UNDER PRESSURE. Keep away from heat, sparks and flames. Do not puncture container. Do not expose to heat or store at temperatures above 120°F (49°C) or expose can to long periods of sunlight as container may burst. Frequent or prolonged contact may defat, dry and irritate skin, leading to discomfort and dermatitis. Use with adequate ventilation. Over exposure to vapors may cause symptoms of lightheadedness, nausea, headache, respiratory tract irritation or numbness in the extremities. If you experience symptoms of overexposure, increase fresh air or leave the area. Intentional misuse by concentrating and inhaling the product can be harmful or fatal. KEEP OUT OF REACH OF CHILDREN.

**FIRST AID:** EYES: Immediately flush eyes with plenty of water for at least 15 minutes. Remove contact lenses, if present and easy to do. Continue rinsing. SKIN: Immediately flush skin with plenty of water. INHALATION: If symptoms develop move victim to fresh air. INGESTION: Call a physician immediately. If vomiting occurs, keep head low so that stomach content doesn't get into the lungs. Never give anything by mouth to a victim who is unconscious or is having convulsions. Get medical attention if irritation or any symptoms develop and persists.

Contains (CAS#): Toluene (108-88-3), Butane (106-97-8), Propane (74-98-6), and Acetone.
