

CF-Plus [LB]

ICSB™

In many cases, CF-Plus [LB] has shown support for reproductive capacity in male dogs where lowered fertility has been diagnosed. May also aid in stabilizing cyclicity in female dogs.

Net Contents:

410 g (14.46 oz.)

300 tablets

Product Facts:

Active Ingredients Per Tablet:

Perna canaliculus (GlycOmega™ brand Green-Lipped Mussel) ... 600 mg

Inactive Ingredients: alfalfa, brewers yeast, cellulose, silicon dioxide, stearic acid.

Cautions:

Safe use in pregnant animals or animals intended for breeding has not been proven. If lameness worsens, discontinue use and contact our veterinarian. Administer during or after the animal has eaten to reduce incidences of gastrointestinal upset.

GlycOmega™ is a Trademark of Aroma New Zealand LTD.

For use in dogs only.

Directions for Use:

1 tablet for each 30 lbs. of body weight for 4-6 weeks. After this period, reduce the dosage to ½ tablet for each 30 lbs for 60 days. Then retest. If giving more than one tablet, divide the dosage between morning and evening.

Warnings:

For animal use only. Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately.

Store in a cool, dry place.

Protect from freezing or extreme heat.
