Contains Amaferm®, a registered trademark of BioZyme® Inc.

Feeding Directions: Shake well before use. Administer for 5-7 days during transition periods or during times of high stress such as sickness, weaning, transportation or showing. Liquid Boost may be given orally as a drench, mixed in daily water (feeding rate can be added to one watering or spread out over the day as long as animal receives the total number of ounces recommended per day) or as a top-dress on feed.

Beef & Dairy:

Over 400 lbs.: 3 oz. per head, per day.
Calves under 400 lbs.: 1.5 oz. per head, per day

Sheep & Goats:

Adult & Growing: 1 oz. per head, per day
Lambs & Kids: 0.5 oz. per head, per day

Swine:

Over 270 lbs.: 5 oz. per head, per day
100 to 270 lbs.: 3.5 oz. per head, per day
50 to 99 lbs.: 2 oz. per head, per day

Under 50 lbs.: 0.5 oz. per head, per day

Medicator: Use full strength as stock solution with medicator set at 1:128. This equals 1 oz. per gallon of water consumed.

Poultry & Rabbits:

1 oz. per gallon of drinking water

Caution: Store in a cool, dry location out of direct sunlight. Do not freeze. Replace cap tightly after opening. Not for human consumption. This product was intended for intermittent or supplemental use only. Follow label directions.

This product was made in a feed manufacturing facility that does not handle or store products containing animal proteins prohibited in ruminant feed. Safety Data Sheet available upon request.
