#### Feeding Instructions:

**Pigs:** Mix 4 oz. of Swell to 16 oz. (1 lb.) of water for each feeding. Administer three feedings in preparation for the show. 1<sup>st</sup> feeding the night before the show, 2<sup>nd</sup> feeding the morning of the show, 3<sup>rd</sup> feeding one hour before the show for best results. Shake well before each use.

**Sheep & Goats:** Mix 4 oz. of Swell to one gallon (8.34 lbs.) of water. Administer 1.5 lbs. of mixture every 4-6 hours. For best results, continue feeding application for 48-72 hours before the show. Shake well before each use.

**Beef Cattle:** Mix 4 oz. of Swell to one gallon (8.34 lbs.) of water. Administer 2 lbs. of mixture every 6-8 hours. For best results, continue feeding application for 48-72 hours before the show. Shake well before each use.
