CAUTIONS:

If animal's condition worsens or does not improve, stop product administration and consult your veterinarian. Safe use in pregnant or nursing animals or animals intended for breeding has not been proven (Boswellia Extract, Cats Claw Bark Powder, Devils Claw Root Extract, Feverfew Herb Powder and Turmeric Root Powder). An examination from a veterinarian is recommended prior to using this product. May be a GI irritant and is contraindicated for use in animals with gastric/duodenal ulcers (Devils Claw Root Extract and Turmeric Root Powder). Should not be used in conjunction with anticoagulant drugs (Grape Seed Meal and Turmeric Root Powder). Possible drug interactions with use of salicylate and NSAIDS; do not use in animals with platelet or bleeding disorders; when giving long term, use caution due to tannin content (White Willow Bark Herb Powder).

For use in equine only.

DC-Y™ is recommended to help ease discomfort associated with normal daily exercise and activity.

DIRECTIONS FOR USE:

(Enclosed measure approximates 1 oz based on density of product.)

Adult Horses (900-1,100 lbs): Higher maintenance level, provide 1 oz daily. For lower maintenance level, provide 1/2 oz daily.

This level may be doubled for the first 14-21 days.

WARNINGS:

Not for human consumption. Keep out of the reach of children and animals. In case of accidental overdose, contact a health professional immediately. This product should not be given to animals intended for human consumption.

Store in a cool, dry place.
