Vetericyn Plus® Feline Antimicrobial Facial Therapy cleans & helps healing of irritations around the face.

- + Cat acne, lesions & sores
- + Eye care (tear stains, allergy symptoms, dirt, debris)
- + Ear Care (redness & swelling, dirt, and debris)
- + Abscesses & sores in mouth
- + Tooth & gum rinsing
- + Non-toxic, safe if licked or ingested

Indications: Vetericyn Plus® Antimicrobial Facial Therapy is intended for the management of common feline issues around the face, eyes, nose, mouth, ears and chin.

Directions for Use: Wounds & skin irritations: Saturate affected area, flushing away any foreign material. Repeat 3-4 times daily until condition is no longer visible. No rinsing necessary. **Eyes:** Flush eyes gently with product. Repeat 3-4 times daily until condition is no longer visible. For daily maintenance, flush eyes once per day or as needed. Use with a damaged cornea should be under veterinarian supervision. **Ears:** Saturate affected area on or in ear with product. Repeat 3-4 times daily until condition is no longer visible. For daily maintenance, apply to ear with a massaging action once per day or as needed. Not intended for inner ear infections. **Nose & Mouth:** Saturate affected area or saturate a cotton pad with product and gently wipe affected area. For daily maintenance and to help clean and reduce tear staining, wipe eyes and nose once per day or as needed.

Use Precautions: For external use only, not for injection. Always consult with a veterinarian for systemic conditions. Discontinue use if irritation develops and contact your veterinarian. For animal only, not for human use. Keep out of reach of children. Safe if licked by animal. Will not stain and contains no harsh chemicals or dyes.

Storage: Store at room temperature away from direct sunlight and heat. Do not use after expiration date. After use, seal or close dispenser.

Disposal: No special disposal requirements. Vetericyn Plus is environmentally friendly.

Ingredients: Active: Hypochlorous Acid (0.009%)

Inactive: Electrolyzed Water, Sodium Chloride, Phosphates, Sodium Hypochlorite

Innovacyn products are manufactured under strict quality guidelines of ISO 13485 and FDA QSR. Vetericyn Plus® products contain hypochlorous acid, a known antimicrobial, which serves as a preservative to inhibit the growth of microorganisms within the solution.
