*Ruffin' It™*

**Teething Ring**

**Durable for Teething**

**Safe, Non-Toxic**

RUFFIN' IT's miniTUFF! Puppy Teething Toys are safe and non-toxic. They are soft enough to be gentle on baby teeth, but durable and tough enough to make chewing fun for active teethers! Ruffin' It's Mini Tuff Toys:

- Are ring shaped so smaller mouths can really dig in a chew!  
Plus they have a rope for extra chewing texture.
- Help maintain healthy teeth and gums.
- Help prevent destructive chewing behavior by giving your pup a durable chewing alternative.
