These treats combine the high protein of premium Chicken Breast with the benefits of Sweet Potatoes, one of the most nutritious of all vegetables. Our Sweet Potato & Chicken Wraps are low in fat and easily digestible.

Chicken Breast: Our premium breast fillets are high in protein and low in fat. They contain amino acids used in muscle development and help maintain muscle tone.

Sweet Potato: One of the best sources of Vitamin A, which assists in maintaining healthy skin and coat in dogs. Vitamin A also supports good eyesight, as does the sweet potato's high level of Beta Carotene. It is also an excellent source of fiber and antioxidants.
