

Sani+Pet™

Absorbine®

Antiseptic Spray

Kills **99.9%** of germs and bacteria on skin and coat

Alcohol Free

Safe for animal use only

Absorbine® Sani+Pet™ is a pet safe coat spray that uses the power of antiseptics with conditioning ingredients to reduce the transfer of bacteria and germs from entering the home. Spray on pets who have been exposed to the outdoors, other animals, dog walkers, pet daycares, trainers, groomers, and veterinarians.

- To Reduce Bacteria and Germs
- For Pets Who Have Been Outdoors
- Handled by a Dog Walker
- Horses and Other Animals

Directions For Use:

Spray skin, coat and paws until wet. Allow to air dry or towel off. Will not harm collars, leashes, bedding, enclosures and non-leather accessories. Safe for animal use only. Do not use on cats. Contains a bittering agent to discourage licking.

Active Ingredient: Benzalkonium chloride 0.13%, Chloroxylonol 0.5%

Inactive Ingredients: Aloe Barbadensis Leaf Extract, Denatonium Benzoate, DMDM Hydantoin, Glycerin, Polysorbate 20, Propylene Glycol, Purified Water.

Caution: Use only as directed. For external use only. Keep out of reach of children. If swallowed, get medical help or contact a Poison Control Center right away. Avoid contact with eyes and mucous membranes. If skin irritation develops or symptoms persist for more than 10 days, discontinue use.

Made in the USA
