

# **Black Perfection Salve™**

***Tenda®***

## **Drawing Salve**

A combination of the drawing power of charcoal and the antiseptic properties of sublimed sulfur

Soft & Easy to Use

## **Please Keep Refrigerated**

**Indications:** To be used as an aid in the treatment of minor scratches and abrasions, or where a drawing salve is indicated.

**Directions:** Thoroughly wash the affected area with a disinfectant soap and water and then towel dry. Apply a thin coating of Black Perfection Salve to the affected area. Continue applications twice a day. No need to cover.

**Precautions:** Keep affected area clean. For external equine use only. Do not apply in or around eyes. KEEP THIS PRODUCT REFRIGERATED. Keep out of reach of children. Do not use on animals intended for food. If condition persists or worsens, discontinue use and consult a veterinarian. Do not use this product on pregnant mares. This product will stain the area where it is applied. To remove the stain, wash the area with soap and water until stain is gone or allow to wear off in 2-4 days.

## **Active Ingredients:**

Sublimed Sulfur ..... 18.5%

## **Inactive Ingredients:**

Lard, Charcoal, Tannic Acid, Camphor, Methyl Paraben, and Propyl Paraben.
