

# **Yellow to Green™ Lawn Spray**

## **NaturVet®**

**Be rid of pet urine spots permanently.  
Turn yellow spots to lush green instantly!**

**Directions: Shake well before using.** For best results **grass should be completely dry** before applying. Gently loosen burned or flattened grass with rake. Begin by spraying the center of the yellow spot working your way out to the edges. Allow grass to dry completely before allowing pets or children near area. If used as directed color will remain and not fade even with daily watering or rain. For darker shades of green simply apply additional coats as directed above.

**Caution:** Permanent staining may occur. Avoid overspray on concrete, masonry, or any other objects where color is not desired. Accidental overspray may be removed with water prior to drying.

Avoid contact with eyes, in case of accidental contact, flush eyes with water. If irritation persists, see a physician.

### **Yellow to Green™ Lawn Spray!**

Make yellow spots from pet urine instantly green! Yellow to Green Lawn Spray won't wash away; in just minutes your yellow spots can be restored to lush green. Reseeding may be necessary depending on the extent of urine burned spots.
