

# Milk Replacer for Kittens

## *Tailspring*

### **With Grade A Whole Goat Milk**

Scientifically formulated to closely match mother's milk

100% Human grade ingredients

No preservatives

Net Wt. 12 Oz. (340g)

Tailspring milk replacer provides the right nutrition for kittens from birth to weaning and beyond. It can also be used as a meal flavor enhancer providing additional nutrients and delicious taste for adult cats.

Tailspring was born from **Meyenberg®**, America's #1 selling goat milk, known for quality and consistency since 1934.

### **Why Tailspring?**

#1 ingredient is goat milk to be gentle on kittens' stomachs.

100% human grade ingredients that closely match mother's milk.

No artificial colors or flavors. Preservative-free.

Scientifically formulated by an expert in neonatal pet nutrition.

### **Directions:**

#### **Premix and Store:**

- **For normal kittens:** Mix 1 part powder to 2 parts warm water (a part may be a tsp., Tbs. or cup).
- **For weak kittens:** Mix 1 part powder to 3 parts warm water and gradually reduce to 2 parts water over several days (a part may be a tsp., Tbs. or cup).
- Use a blender on pulse setting or use a glass jar with a tight lid and shake vigorously.
- Refrigerate any portion of the mixed formula p to 48 hours.

#### **Feeding Kittens:**

- Warm premixed formula to body temperature as needed for each feeding.
- Feed 1 tsp. per 4 oz. of body weight every 3-4 hours.
- As kittens grow, gradually increase the amount fed daily per body weight, while decreasing the number of feedings until averaging 2-3 feedings per day.
- Continue to feed milk replacer until kitten is completely weaned onto solid food.

**As a Meal Flavor Enhancer or Treat:** Tailspring can also be used to give your cat's meal extra flavor and additional nutrients.

- **For adult cats:** Pour 1 Tbs. of formula in a dish for your cat to enjoy.

**Storage:** Store unopened product in a cool, dry place. Once opened, it may be refrigerated up to 3 months to help preserve freshness.
