

Bannix™ Premium Analgesic Spray Liniment

Sherborne

Using the most environmentally friendly non aerosol spray system

Sprays from any angle

360 actuation

Directions: Apply spray on tense sore muscles on the body and sore ligaments especially in the stifle or shoulder area three or more times per day. Gently massage the area until the product reaches the skin. If used after a workout, cool down the horse prior to application. Do not get into eyes or mucous membranes.

Active Ingredients:

Witch Hazel USP, SDA Alcohol 40, Menthol, Propylene Glycol, Glycerin, Spearmint Oil, Herbal Tincture (blend of Arnica, Calendula, Valerian, Echinacea, and Wormwood), Peppermint Oil, D&C Green 5, FD&C Yellow 5, and Triethanolamine.

For Topical Animal Use Only

Warning: Keep out of reach of children.

Banixx Analgesic Liniment Spray is formulated to help provide needed comfort to your horse's sore muscles and stiff joints. A necessity for your barn or stable, this spearmint-scented spray works to stimulate circulation and can be used before or after workouts. Made with Witch Hazel, Menthol and a natural blend of plant extracts of Calendula, Echinacea and Wormwood, our easy to apply spray generates a cooling sensation followed by a heating effect.

Use Banixx Analgesic Spray as a topical analgesic agent and for temporary relief of conditions associated with overexertion, arthritic joints and for cooling down after workouts.

Does not test.
