

E3® Antibacterial/Antifungal Shampoo

Durvet

Contains Ketoconazole and Thymol

For:

- Skin Disorders
- Skin Rashes & Dry patches
- Rain Rot
- Mange
- Hot Spots
- Ring Worm
- Seborrhea

A gentle Medicated Shampoo commonly used for treatment and prevention of bacterial and fungal skin disorders. Relieves itching, irritation and skin infections. Fortified with Nano Vitamins A, C, E & F, which are NanoEncapsulated in a sustained and controlled delivery system. This allows for better absorption, penetration and diffusion of the vitamins which helps prevent inflammation and aids in the healing process.

Ingredients: Ketoconazole .25%, Thymol 0.1%

Directions: With ample water, apply Medicated Antibacterial/Antifungal Shampoo liberally onto the animal's coat until lathered. Wait 5-10 minutes then rinse thoroughly.

Caution: For external use on animals only. Keep out of eyes. Keep out of reach of children.

It's Dog Friendly too!

Made in USA
