

Curicyn™ Ear Cleansing Solution

Eastern Technologies

Original Formula

All Purpose

- Helps Promote Rapid Healing
- Addresses Bacteria at its Source
- Soothes, Cleans & Helps Relieve Irritation

Ingredients:

Hypochlorous Acid 0.001%
Purified Anolyte 99%
Proprietary carrier <1%
Potassium Iodide 0.013%

Stability

Shelf life at least 2 years under normal storage conditions.

Disposal

No special disposal requirements.
Curicyn is environmentally compatible.

Storage

Store at room temperature away from direct sunlight and heat. Seal or close dispenser after use.

For Animal Use Only.

Not For Human Use.

Recommended for use on equine, livestock, and companion pets.

Direction for Use

Cleans, soothes and helps reduce odor, irritation and inflammation associated with ear infections. Remove cap and foil seal. Squeeze solution in the affected ear and gently massage. Use a soft, absorbent wipe to remove excess debris from the ear as necessary. For best results, repeat 2-3 times daily.

Use Precautions

For animal use only. Contact your veterinarian and discontinue use if adverse conditions develop. Keep out of reach of children. Safe if licked by animal. Not for injection or internal ingestion. Always consult with a veterinarian for unusual conditions, or if irritation develops.

Made in U.S.A.
