

# **Curicyn™ Blood Stop Powder**

## ***Eastern Technologies***

### **All Purpose**

- Helps Stop Bleeding Fast!
- For Use on All Animals
- Easy Application Bottle

### **Ingredients:**

Bentonite Clay ..... 98%  
Potassium Aluminum Sulfate ..... 2%

### **Stability**

Shelf life is indefinite if foil seal is intact and product is stored under normal storage conditions.

### **Disposal**

No special disposal requirements.

### **Storage**

Store at room temperature away from direct sunlight and excessive heat.

### **For Animal Use Only.**

### **Not For Human Use.**

Recommended for use on equine, livestock, and companion pets.

### **Direction for Use**

Helps to control minor bleeding caused by superficial cuts, wounds and dehorning. Remove cap, remove foil seal, replace cap and snip the tip off the cap. Squeeze bottle to spray the powder freely and directly on the wound surface. Repeat as needed. Apply bandage as necessary.

### **Use Precautions**

For animal use only. Contact your veterinarian and discontinue use if bleeding is excessive and at the earliest opportunity or if adverse conditions develop. Keep out of reach of children. For external use only. Safe if licked by animal.
