

Tenda® Sheen™

Tenda® Horse Products

Hair Polish & Detangler

Nourishing blend fortified with Pro-Vitamins and Silk Amino Acids detangles manes, tails and provides exceptional sheen

For Luxurious Shine

Tenda Sheen is a revolutionary formulation that is effective on all show horses, livestock and dogs. Highlights and brings out the natural shine while fostering a healthy coat and leaving a luxurious shine for several days after application.

This nourishing blend fortified with Pro-Vitamins and Silk Amino Acids detangles manes, tails and provides exceptional sheen. Tenda Sheen produces a glistening coat that will ward off dirt and repel mud. Tenda Sheen is also ideal for dematting, detangling and conditioning dog fur, while providing a luxurious shine that lasts for days.

May be used on sensitive skin.

Rapid drying blend that leaves a long-lasting shine.

Easy to apply.

Contains Pro-Vitamins and Silk Protein Amino Acids to hydrate and condition hair, coat and fur.

Directions:

Wash and rinse the animal. Remove excess water with a sweat scraper or dry towel. Spray on Tenda Sheen and comb or hand wipe in the direction that the coat lays. To detangle simply spray onto the mane or tail, allow to dry and comb.

Important:

Shake well before using.

Precautions:

Do not use under saddle as the saddle may slip while riding. Protect from freezing. Keep out of reach of children. Do not use on pregnant or lactating mares.

Manufactured in the U.S.A.
