

Barn Odor and Manure Digester

CareFree Enzymes®

Concentrate

All Natural

Eliminates odors • Keeps slurry liquidized
Long lasting • Accelerates waste decomposition

Barn odor Uniquely formulated product acts quickly and remains effective for long periods on unpleasant odors. Stalls, barns and barnyards. Neutralizes urine, fecal and compost matter caused by farm animals. Musty and stale air and other occasionally unpleasant area and situations are neutralized. Ammonia, nitrogen and sulfur odors are eliminated immediately upon application.

Manure Digester Enzymes are small biochemical digesters. Enzymes break apart proteins, carbohydrates, fats, etc. and makes them absorbable. Molecular deodorants attack the malodors at the source promoting fast degradation of manure. Slurry pits remain liquified without scum layers. Improves degradation of cellulosed materials while improving fertilizer usage. Uptake of nutrients is enhanced two-fold when applied to fields.

Barn Odor Application Rate:

Odor	Product	Water
Severe	8-12 oz.	1 gallon
Average	4-8 oz.	1 gallon
Light	1-2 oz.	1 gallon

Manure Digester Application Rate:

Gallon will make 50 gallons of finished product. One mixed gallon will cover 300 sq ft.

	Product	Water
Severe Odor	20 oz.	1 gallon
Average Odor	50 oz.	1 gallon
Digestion	50 oz.	1 gallon
Discharge Area	25 oz.	1 gallon

To increase digestion, spray waste while being mixed or fed into digester. This procedure may be used for liquid or solid waste. Spray on compost as conveyed out, just enough to control odor.

Use warm, fresh water (70-80°F)

EXTREMELY CONCENTRATED

Safe for use on all surfaces: cement, wood, plastic, gravel and dirt

NOTE: SAFE. No restrictions for farm animals when used as directed. FOLLOW DIRECTIONS CLOSELY.

CONTENTS: Natural enzymes from plants, trace minerals and water enhancing agents.

CAUTIONS: KEEP OUT OF REACH OF CHILDREN. Contents are highly concentrated. In case of skin or eye contact, rinse with water. Should any irritation occur, seek medical attentions. Do not take internally. Follow the directions closely. Buyer assumes all responsibility when not used as directed.

We are a proud Wisconsin-based company that produces eco-friendly and eco-safe products that clean naturally, and are safe for children, pets & wildlife.
