

# Goat Hoof and Coat Powder

***Four Oaks Farm***

**All Natural**

**For All Farm and Show Animals**

**Foot Rot**

**Coat Fungus**

**Skin Dermatitis**

**Wounds**

**Protection against damp pen conditions.**

**Directions:** Shake well before use to reduce settling. Snip top above cut-line

**Hoof:** Use cloth or brush to wipe away excess debris and moisture. Puff powder into all groves and between the toes. Use brush to ensure the foot is well coated. Use 1-2X daily until hoof is firm and healthy. Will work in all weather conditions. Once a week dustings will help keep the feet healthy and sound year-round.

**Coat and Wounds:** 1-2X daily apply to wounds or rough, patchy or bald areas on the coat until hair grows back to its natural appearance. Do not wash before use. Do not remove scabs. Simply dust on and gently work into the coat.

**Caution:** Use in *ventilated* area. **Warning:** For animal and external use only. Avoid eyes. Wash hands after use. If sensitive to dust, use a mask.

**Ingredients:** Active, 15% feed-grade copper salt (sulfate): high purity air floated kaolin clay, Wyoming grade sodium montmorillonite, bentonite, food grade diatomaceous earth, oregano powder.
