Skout's Honor Pet Supply Co.

An Environmentally & Socially Conscious Company

Honeysuckle

Designed to support your cat's natural defenses against itching, dryness, irritation, & odor.

97% natural with live topical probiotics

Our Paw Pledge: We feed animals in need with every product sold.

A natural Approach to A Healthy Skin & Coat

When applied to the skin, probiotics support the good bacteria and prevent the bad bacteria from taking over. Good bacteria serve as a natural defense against the environmental damage and inflammation commonly associated with excessive shedding, itching and odor.

Hydrates and deodorizes the skin and coat for a fresher, better-smelling cat in between washes. It provides a premium grooming experience without disturbing the skin's microbial community.

Directions: **Shake well.** Apply the deodorizer from the back of the ears to the tail, taking care to avoid the eyes. Brush or massage through coat and into skin

For Best Results: Use with Skout's Honor Probiotic Shampoo + Conditioner. Safe for kittens 8 weeks of age or older.

Caution: For external use only. Do not use on open sores or wounds.

Safe for use with topical flea & tick treatments.

Keep out of reach of children or pets.
