Caution: Keep out of reach of children & pets. Professional strength: May cause skin or eye irritation; Harmful if inhaled; and not for topical use. In case of eye contact, flush with water. Use in well-ventilated areas.

Not for use on leather, unsealed wood or plants.

Ingredients: Deionized Water, Biokore™ (Plant-Based Surfactant), Biodegradable, Molecular Complex (Mineral-Based Deodorizer), Plant-Based Fragrance.

Product is made with natural ingredients and can vary in color, texture & scent

Together we provide a day's worth of food to an animal in need with every purchase.

Directions:

1. After attaching to a hose, turn the nozzle and spray/ saturate the affected area(s) using a sweeping motion back and forth until you see some subsiding action.
2. Stop spraying and wait 5 minutes. Remove product from hose and spray area with water from hose until the area runs clear and bubble free (a stiff bristle brush can be used to loosen surface dirt/ debris if needed but not necessary.).
3. Allow the area to dry naturally. A second application may be needed for areas heavily soiled in urine. Allow treated area(s) to dry completely before children or pets enter the area.

Made in the U.S.A.
