Contents: 1x Travel Size Spray Bottle
2.0 fl oz (59 mL) Bottle

For a calm cat and a stress-free home

In the home or on the go

Use this veterinarian recommended solution as a spot treatment in your home, focusing on areas your cat targets, like your sofa or carpet. It can also be used to promote a calming effect when visiting the veterinarian or traveling.

Tips for use when traveling

- ♥ Spray inside your cat's carrier about 15 minutes before leaving.
- ♥ Use 1 to 2 spritzes in all four corners of the carrier, floor and ceiling.
- ♥ Reapply 15 minutes before every trip.

- ♥ Proven to create a calming environment
- ♥ No perfumes
- ♥ Safe on fabrics, upholstery, hardwood and doorframes*
- ♥ May ease the stress of a new environment

*Prior to use, test the product on a sample that is not easily visible.

Directions for Use

To reduce urine marking and destructive scratching on objects:

- Hold the bottle approximately 4 inches away from the prominent object(s) that is attractive to your cat.
- Depress the spray nozzle 5 times onto the object(s)
- Be sure to apply the product where your cat urine marks or areas of scratching.
DO NOT SPRAY DIRECTLY ON CAT.
- Repeat this once per day at a minimum, if there are no fresh urine marks for any given day, then skip this step.

You may see changes in your cat's behavior in as little as 2 weeks. Some cats may take up to 4 weeks to show changes.

Ingredients:	
Analogue of Feline Pheromone	15.00%
Diethylene glycol monoethyl ether	85.00%

Uses: To reduce urine marking and destructive scratching by the cat. To comfort the cat in an unknown or stressful environment.

KEEP OUT OF REACH OF CHILDREN. NOT FOR HUMAN USE.

CAUTION: FLAMMABLE. Keep away from heat, sparks, open flames and/or hot surfaces. Refrain from smoking. Store in a well-ventilated place. Keep cool.

DO NOT USE DIRECTLY ON ANIMALS.

See package insert for complete instructions for use.
