

ALL SPECIES PROTECT™ COLOSTRUM SUPPLEMENT

20% ADDED FAT FOR ENERGY

20% Added Fat & Carbohydrates for Essential Energy

50 g GLOBULIN PROTEIN

50 g Globulin Protein to Help Build & Support the Immune System

SERUM BASED FORMULA

Proven Formulation for Better Absorption

LIFELINE Protect All Species Colostrum Supplement

Enhanced colostrum supplement with essential added fat & carbohydrates for energy in newborn animals.

LIFELINE Protect All Species bridges the nutritional needs of newborns facing early-life challenges when maternal colostrum is insufficient. Formulated with **20% added fat**, carbohydrates, and **50 grams of globulin protein** per feeding, Protect provides needed energy and supports critical immune function, helping young animals grow strong from the start. This high-quality, serum-based formula mixes smoothly and effectively, providing essential early nutrition across a variety of species.

Key Features:

- **Energy Boost** – 20% added fat and carbohydrates provide essential energy to support a healthy start in life.
- **Globulin Protein** – Delivers 50 grams of high-quality globulin protein to bolster immune health and essential nutrition.
- **Smooth Mixing** – Mixes quickly with warm water to a smooth consistency, ensuring it's ready when you need it most.

Why Choose Protect?

- **Rapid Performance** – Designed for fast absorption, Protect supports vitality with noticeable results from the very first feeding.
- **Targeted Nutrition** – Specifically formulated to supplement maternal colostrum, helping meet the critical early nutritional needs of newborn animals.

Measurable Value

Protect offers a cost-effective way to support early health and growth. By supplementing with immediate, high-quality nutrition, Protect supports optimal vitality and performance, adding value to your operation from the start.

Choose LIFELINE Protect All Species—the colostrum supplement that gives newborns the energy and immune support they need to thrive.
