Functional Protein Supplement For Young Dairy and Beef Calves

- Optimizes animal health
- Supports health in the face of normal production challenges
- Smooth, easy mixing with whole milk or milk replacer

160 Calf Feedings

Lifeline® Watch Them Thrive
Quick Visual Response Highly Palatable Easy to Use

DIRECTIONS

1 Gallon Warm (105°F/40°C) Whole Milk or Milk Replacer + Gammulin (1 oz per gal)
Mix Thoroughly
Pour and Feed

LIFELINE Gammulin is a functional protein supplement for calves that is used on days 2-15 following birth, for extra nutritional support in the face of challenging conditions such as extreme weather. Gammulin should be mixed with whole milk or milk replacer.

FEEDING DIRECTIONS

Before or during challenging conditions, add 1 oz of Gammulin daily to 1 gal of warm (105°F/40°C) whole milk or milk replacer. Stir until Gammulin is completely dissolved. Pour into a bottle and feed to the calf. The amount of Gammulin powder may be increased to 2 oz daily during periods of added challenge, divide into two milk feedings.

STORAGE

Store at room temperature in a dry place. Use mixed product immediately—do not store.

Feedings	Low Challenge	High Challenge	Whole Milk or Milk Replacer
1 calf	1 oz	2 oz	1 gallon
10 calves	10 oz	1.25 lb	10 gallons
50 calves	3.1 lb	6.25 lb	50 gallons
