

# ALL SPECIES MILK REPLACER 20/20

## ALL-MILK FORMULATION

All Milk Proteins Help Provide the Highest Quality Nutrition Young Animals Need

## HIGH-QUALITY INGREDIENTS

Formulated with the Highest Quality Ingredients for the Best Results

## OPTIMAL NUTRITION

20% Protein & 20% Fat for the Nutrition Young Animals Need to Thrive

### LIFELINE All Species 20:20 Milk Replacer

High-quality all-milk formula for balanced growth, vitality, and early development in young animals.

**LIFELINE All Species 20:20** Milk Replacer is designed to nurture young animals from day 2 to weaning. This carefully crafted **all-milk formula** provides a balanced mix of **20% protein** and **20% fat**, ensuring steady growth and vitality. With LIFELINE's commitment to quality, this milk replacer sets young animals on a path to a strong, healthy future.

#### Key Features:

- **Balanced Nutrition** – Delivers a reliable 20% protein and 20% fat, ideal for growth and energy, supporting early development across all species.
- **Comprehensive Health Support** – Formulated to promote growth, support immune health, and enhance digestive well-being, helping young animals thrive even in challenging environments.

#### Why Choose LIFELINE All Species?

This milk replacer is a versatile, high-quality solution for various young animals — from piglets to calves to foals — providing essential nutrients that contribute to resilience and overall health. It lays a foundation for robust health and longevity from the earliest days.

#### Measurable Value

LIFELINE All Species Milk Replacer supports strong growth and resilience, contributing to the future health and productivity of each animal. Its reliable formulation ensures each feeding helps build healthier, thriving animals.

*Choose LIFELINE All Species Milk Replacer — invest in early, lasting well-being for a future filled with strong, healthy animals.*
