

Lifeline All Species Milk Replacer

Lifeline Annuso

Essential for Nutritional Support
All Milk Formula

Day 2—Weaning
20% Protein 20% Fat

Nutrition for Calves, Piglets & Foals

All milk proteins as a high quality source of nutrition
 Added vitamins and minerals that all young animals need
 Smooth, easy mixing with warm water

LIFELINE All Species Milk Replacer offers essential nutritional support for young piglets, calves and horse foals from day 2 through weaning. With an optimal combination of 20% protein and 20% fat, this milk replacer is designated to provide your young animals with the nutrition they need to *thrive*. Start them off right with LIFELINE All Species Milk Replacer.

Feeding Guidelines:

Species	Age	Milk Replacer Powder Per Feeding	Warm Water Per Feeding	Feedings Per Day
Piglet	Day 1	Colostrum Replacer		
	Day 2–Week 1	½ – 1 oz	¼ – ½ pint	4
	Week 2–Weaning	1 – 1 ½ oz	½ – ¾ pint	3
	Week 3–Weaning	1 ½ – 2 oz	½ – ⅔ pint	3
Foal	Day 1	Colostrum Replacer		
	Day 2–7	4 oz	1 ½ pint	6
	Week 2	4 oz	2 – 3 pints	4
	Week 5–Weaning	4 oz	2 – 3 pints	3
Calf	Day 1	Colostrum Replacer		
	Day 2–10	10 oz	2 quarts	2

For example, an average 2 day old piglet would receive:

1 oz powder – ½ pint water – Fed 4 times per day

Mix LIFELINE All Species Milk Replacer into warm (105°F) water. Stir until powder is completely dissolved. Only mix enough powder for one feeding at a time.

- Milk replacer powder that is measured in ounces is measured by weight. Warm water is measured by fluid ounces (volume).
- All Species Milk Replacer is meant as a supplementary feeding.
- Do not exceed feeding recommendations.
- Contact your veterinarian for nutritional requirements.

Storage

- Store in a cool, dry place away from insects, rodents and other pests.
- Use mixed product immediately—do not store.

Warning

- If product is moldy, infested (insects, rodents or other pest) or appears abnormal in color or smell, DO NOT FEED.
- Not for human consumption.
