

Lifeline All Species Milk Replacer

Lifeline Annuso

Essential for Nutritional Support

Milk Formula with LifePulse™

Day 2—Weaning

26% Protein **24% Fat**

Nutrition for Lambs, Goat Kids, Puppies & Kittens

Plasma helps aid immune response & intestinal health *LifePulse™*

Essential Oils for digestion, growth, & respiratory support *LifePulse™*

Smooth, easy mixing with warm water

LIFELINE All Species Milk Replacer offers essential nutritional support for young kittens, puppies, lambs and goat kids, from day 2 through weaning. Enhanced with the **LifePulse™** mix of plasma and essential oils (oregano & PHYTOsolvan®), this formula is made to support young animals health and development from within. **Oregano** supports growth, digestion and acts as a natural antimicrobial, **Plasma** aids the immune system and overall gut health, and **PHYTOsolvan®** helps prevent respiratory issues during vulnerable stages of life. With an optimal blend of 26% protein and 24% fat, this high level milk replacer is carefully crafted to energize development, enhance liveliness, and guarantee all animals *thrive*, starting at their earliest ages.

Feeding Guidelines:

Species	Age	Milk Replacer Powder Per Feeding	Warm Water Per Feeding	Feedings Per Day
Kitten	Day 1	Colostrum Replacer		
	Day 2-Week 1	1 tsp per 1/4 lb bodyweight	4 tsp per 1/4 lb bodyweight	Every 3-4 Hours
	Week 2-Weaning	1 tsp per 1/4 lb bodyweight	4 tsp per 1/4 lb bodyweight	Every 4-6 Hours
Puppy	Day 1	Colostrum Replacer		
	Day 2-Week 1	1 tsp per 1/4 lb bodyweight	4 tsp per 1/4 lb bodyweight	Every 3-4 Hours
	Week 2-Weaning	1 tsp per 1/4 lb bodyweight	4 tsp per 1/4 lb bodyweight	Every 4-6 Hours
Goat Kid	Day 1	Colostrum Replacer		
	Day 2-10	1 - 1 1/3 oz	6-8 fl oz	3
	Day 11-Weaning	1 1/3 – 1 2/3 oz	8-10 fl oz	3
Lamb	Day 1	Colostrum Replacer		
	Day 2-10	1 - 1 1/3 oz	6-8 fl oz	3
	Day 11-Weaning	1 1/3 – 1 2/3 oz	8-10 fl oz	3

For example, an average 2 day old lamb would receive:

1 oz powder - 6 oz water - Fed 3 times per day

Mix LIFELINE All Species Milk Replacer into warm (105°F) water. Stir until powder is completely dissolved. Only mix enough powder for one feeding at a time.

- Milk replacer powder that is measured in ounces is measured by weight. Warm water is measured by fluid ounces (volume).
- All Species Milk Replacer is meant as a supplementary feeding.
- Do not exceed feeding recommendations.
- Contact your veterinarian for nutritional requirements.

Storage

- Store in a cool, dry place away from insects, rodents and other pests.
- Use mixed product immediately—do not store.

Warning

- If product is moldy, infested (insects, rodents or other pest) or appears abnormal in color or smell, DO NOT FEED.
- Not for human consumption.
