

# KID PLUS+ MILK REPLACER 23|25

**LifePulse™ FORMULATION**  
Advanced Formula with LifePulse for Superior Support

**HIGH-QUALITY INGREDIENTS**  
Formulated with the Highest Quality Ingredients for the Best Results

**OPTIMAL NUTRITION**  
23% Protein & 25% Fat for the Nutrition Young Animals Need to Thrive

#### LIFELINE Kid Plus+ Milk Replacer

Expertly formulated for the optimal development of young goat kids from day two to weaning. With **23% protein** and **25% fat**, Kid Plus+ provides essential nutrition for robust growth and vitality. Enhanced with our advanced **LifePulse™** additive, this milk replacer supports immunity, gut health, and respiratory function, giving goat kids the best start in life.

#### Key Features of LifePulse™ Additive:

- **Oregano** – A natural antimicrobial that aids growth, digestion, and immune support.
- **Plasma** – Reinforces the immune system and promotes optimal gut health for thriving young animals.
- **PHYTOsolvan®** – Helps prevent respiratory issues, ensuring resilience during critical growth stages.

#### Why Choose LIFELINE Kid Plus+?

- **Enhanced Immune and Gut Support** – Plasma strengthens immunity and gut health, promoting vitality.
- **Natural Antimicrobial Benefits** – Oregano supports digestion and defends against environmental challenges.
- **Respiratory Protection** – PHYTOsolvan® reduces respiratory stress for healthier development.
- **Complete Nutrition** – Balanced with 23% protein and 25% fat for strong growth and energy.

#### Give Goat Kids the Strong Start They Deserve

From immunity to digestion and respiratory health, LIFELINE Kid Plus+ Milk Replacer delivers advanced nutrition designed to help young goat kids thrive. With LifePulse™ technology, your kids will grow stronger, leading to a healthier herd and a more successful operation.

## MILK REPLACER 23|25

### FEEDING GUIDELINES

KID'S AGE (DAYS OLD)	MILK REPLACER POWDER (OUNCES BY WEIGHT)	WARM WATER 105°F (FLUID OUNCES)	FEEDINGS PER DAY
1	Rescue Lamb & Kid Colostrum Replacer		
2 - 10	1½ - 2	6 - 8	3
11 - Weaning	2 - 2½	8 - 10	3
For example, an average 2 day old kid would receive: 1.5 oz powder   6 oz water   Fed 3 times per day			

Mix LIFELINE Kid Plus+ Milk Replacer into warm (105°F) water. Stir until the powder is completely dissolved. Only mix enough powder for one feeding at a time.

- Milk replacer powder that is measured in ounces is measured by weight. Warm water is measured by fluid ounces (volume).
- Do not exceed feeding recommendations.
- Contact your veterinarian for nutritional requirements.

### RECOMMENDATIONS

- Feed milk replacer on a consistent schedule.
- Start feeding kid starter feed in week 2. Add some milk replacer powder to the top of the starter feed to entice goat kids.
- Make sure to provide and maintain fresh, clean drinking water.

### GUARANTEED ANALYSIS
