

# Lifeline Kid Plus + Milk Replacer

## Lifeline Annuso

### Essential Kid Nutritional Support

Milk Formula with LifePulse™

### Day 2—Weaning

**23% Protein**      **25% Fat**

Advanced Support for Young Goat Kids

Plasma helps aid immune response & intestinal health      *LifePulse™*

Essential Oils for digestion, growth, & respiratory support      *LifePulse™*

Smooth, easy mixing with warm water

**LIFELINE Kid Plus + Milk Replacer** is a complete nutritional source for young goat kids from day 2 through weaning. Enhanced with the **LifePulse™** mix of plasma and essential oils (oregano & PHYTOsolvan®), this formula is made to support young goat kids health and development from within. **Oregano** supports growth, digestion and acts as a natural antimicrobial, **Plasma** aids the immune system and overall gut health, and **PHYTOsolvan®** helps prevent respiratory issues during vulnerable stages of life. With an optimal blend of 23% protein and 25% fat, this milk replacer is meticulously formulated to fuel growth, promote vitality, and ensure goat kids *thrive*. Give your goats the best possible start with LIFELINE Kid Plus + Milk Replacer.

### Feeding Guidelines:

<b>Kid's Age</b> (Days Old)	<b>Milk Replacer Powder</b> (Ounces By Weight)	<b>Warm Water</b> 105°F (Fluid Ounces)	<b>Feedings Per Day</b>
1	<i>Rescue Lamb &amp; Kid Colostrum Replacer</i>		
2-10	1.5-2	6-8	3
11-Weaning	2-2.5	8-10	3

For example, an average 2 day old kid would receive:

1.5 oz. powder      -      6 oz. water      - Fed 3 times per day

Mix LIFELINE Kid Plus + Milk Replacer into warm (105°F ) water. Stir until powder is completely dissolved. Only mix enough powder for one feeding at a time.

- Milk replacer powder that is measured in ounces is measured by weight. Warm water is measured by fluid ounces (volume).
- Do not exceed feeding recommendations.
- Contact your veterinarian for nutritional requirements.

### Recommendations

- Feed milk replacer on a consistent schedule.

- Start feeding kid starter feed in week 2. Add some milk replacer powder to the top of the starter feed to entice goat kids.
- Make sure to provide and maintain fresh, clean drinking water.

**Storage**

- Store in a cool, dry place away from insects, rodents and other pests.
- Use mixed product immediately—do not store.

**Warning**

- If product is moldy, infested (insects, rodents or other pest) or appears abnormal in color or smell, DO NOT FEED.
- Not for human consumption.
