

# SNAX Nutritional Treats

## *Sullivan Supply*

- Full Spectrum Fatty Acids
- For Swine, Cattle, Sheep & Goats
- Helps With Hydration During Show Activities

SNAX Nutritional Electrolyte Soft Chew Treats feature a full spectrum of fatty acids, dextrose, and vitamins for that extra boost on show day. Contains all the Omega Fatty Acids (3,6,9), including a tremendous Omega 6 to Omega 3 ratio. Fatty acids such as Omega's help to hold water in the muscle, increasing the hydration process to build muscle expression on show days. Assists with healthy blood sugar levels, helps with inflammation and stress reactions that animals can endure while at shows. Great to feed your animal at a show when they are on a limited diet to keep them satisfied. They will love the irresistible flavor! Instead of feeding your animal something that is hollow in nutrition with no benefit, give them SNAX for true nutritional value that improves their visible appearance on show day!

### Guaranteed Analysis
