Vet's Best® Advanced Hip + Joint Soft Chews are carefully formulated by veterinarians to help support joint & mobility concerns in aging or highly active dogs. Ingredients like Boswellia are ideal for dogs exhibiting occasional joint discomfort. Each soft chew is densely packed with the highest quality ingredients which are uniquely designed for optimal absorption. Add real chicken liver and you have a treat your dog can't resist.

### Infused with Ocean Kelp!

Ocean Kelp contains natural antioxidants & prebiotics that help support the immune system & promote healthy digestion.

For over 30 years, Vet's Best® has delivered vet-formulated supplements made with the highest quality natural ingredients that work together to comfort and protect your pet.
