

# **Assure ®**

## ***Arenus® Animal Health***

### **Daily Equine Digestive Aid**

- An innovative supplement for whole digestive system support for improved overall health and wellness.
- The foundation of the Assure system- combines with Assure Plus to provide a proven, customizable digestive solution.
- Proven, flexible formula combines prebiotics, probiotics, psyllium, digestive enzymes and yeast.
- Proprietary GST® Technology

#### **The original Digestive Aid**

Efficient and reliable, ASSURE® is our original and proven foundation to address common digestive health problems in a daily, granular supplement. This patented and veterinarian approved formula provides a solid foundation for your horse's total digestive health needs. Pair with ASSURE PLUS™ as part of the Assure System™ for maximum support when your horse needs it most.

### **DIRECTIONS FOR USE**

ASSURE® can be added directly to a horse's daily concentrate or grain ration. One level scoop is approximately 17 grams; 29 cc scoop enclosed.

### **RECOMMENDED DAILY FEEDING**

Split between all grain meals fed during the day.

**Horses** (801-1300lb) – 1 scoop per day

**Miniatures** (175-500lb) – 0.5 scoop per day

**Ponies** (501-800lb) – 0.75 scoop per day

**Draft Types** (>1300lb) – 4.5 scoops per day

If needed, add water, molasses, vegetable oil or diluted corn syrup (50 – 75% water) for enhanced palatability.

### **CAUTIONS**

Feed Assure as a standalone digestive health maintenance supplement or combine with Assure Plus for maximum support. When feeding Assure with Assure Plus, feed Assure in the morning and Assure Plus in the evening. Feed Assure Plus according to instructions on the label.

The Assure products were developed to be customized. Various digestive issues have been found to have differing recommendations for feeding. Consult your veterinarian or

call Creative Science, formerly Arenus Animal Health to develop a custom digestive program for your horse.

GUARANTEED ANALYSIS PER 17G SCOOP	
Crude Protein (Min).....	21.0%
Crude Fat (Min).....	5.4%
Crude Fiber (Max).....	4.2%
Soluble Fiber (Min).....	14.7%

MANUFACTURED WITH PREBIOTICS AND PROBIOTICS	
Mannooligosaccharides (MOS) (Min).....	13%
Saccharomyces cerevisiae.....	29 billion cfu*
