DIRECTION FOR USE:

It is a violation of Federal law to use this product in a manner inconsistent with its labeling.

For external use only. Do not let children play with this collar. Do not use on puppies under 12 weeks of age.

Do not open pouch until ready to use. Do not unroll collar until ready to use. Place the Provecta Pro Flea & Tick Collar for Dogs around the dog's neck, adjust for proper fit, and buckle in place. The collar must be worn loosely so that two fingers may be placed between collar and dog's neck. Maximum effectiveness may not occur for 2-3 weeks after collar placement. Living and rest areas of infested dog must also be treated with appropriate pest control measures to ensure control of persistent pest infestation.

Wetting will not impair the collar's effectiveness or the dog's protection. If the dog goes swimming or is out in the rain, it is not necessary to remove the collar. Provecta Pro Flea & Tick Collar for Dogs may be used in addition to a lead or constraint collar. Use only one Provecta Pro Flea & Tick Collar for Dogs at a time. This collar should be worn continuously. Reapply a new collar every 6 months.

STORAGE AND DISPOSAL

Do not contaminate water, food or feed by storage or disposal.

Pesticide Storage: Keep this product in its tightly closed original container, when not in use.

Store in a cool, dry (preferably locked) area that is inaccessible to children and animals.

Pesticide Disposal and Container Handling: Do not reuse container or used collar. Dispose of in trash.
