BELL BOOTS SIZE CHART

The measurements are a guide to finding the correct size.

- Measure in cm by using a soft measuring tape.
- Make sure that your horse is in a relaxed state and is standing properly.
- Determine your horse's size by comparing the measurements in the chart to those of your horse's legs where the boots should sit.

MEASURING INSTRUCTIONS:

- A Measure the circumference of the horse's pastern.
- B Measure the height of the hoof from the mid point of the pastern.

SIZE OF BOOT	S	M	L
A Circumference	25	27	29
B Height (p boot)	10	11	11.5

Art.No. 2042

Measurements in cm
