

# Defend™

## Lamb & Kid Colostrum Supplement Powder

***Lifeline Annuso***

Essential Nutrition & Immune Support

Powered By Functional Proteins

Feeds & supports up to 8 Lambs & Kids based on body weight

Defend Day 1 & Beyond

- **Specifically Formulated-** Formulated specifically for the sensitive stomachs of young lambs & kid goats
- **40 g Globulin Protein-** 40 g Globulin Protein to help build & support the immune system
- **Syrum-Based Formula-** Research based, serum-based formula for better absorption.
- **60 seconds or less-** Smooth, Easy Mixing

**Lifeline Defend Lamb & Kid** is a colostrum supplement specifically formulated for lambs and goat kids, designed specifically for their small stomachs. Defend provides 40 g globulin protein to aid the immune system and to protect against stressful environment challenges. Defend can be given alongside maternal colostrum to animals that didn't receive enough maternal colostrum or if colostrum quality was poor/ unknown. This serum-based formula delivers functional proteins to help nutritionally support lambs and kids when they need it most.

### Feeding Guidelines/ Colostrum Replacer

**Mixing Guidelines:**  $\frac{1}{4}$  (25 g) powder + 4 oz of warm water- ratio per 4 lb of body weight

Body Weight (Pounds)	Powder (Cups)	Warm Water (Ounces)	Number of Feedings
4	$\frac{1}{4}$	4	2
8	$\frac{1}{2}$	8	2
10	$\frac{3}{4}$	12	2
12	1	16	2-3

Refer to the chart above for the total mixture amount per animal. Divide the mixture evenly across the recommended feedings, ideally within the first 8 hours of life, every 3-4 hours.

**Example: 10lb Lamb/ Goat Kid:**  $\frac{3}{4}$  cup powder + 12 oz water Split into 2 feedings

**Feed as soon as possible after birth for long term benefits.** Mix Defend Lamb & Kid with warm (110°F/ 43°C) water. Stir until completely dissolved.

- Animal body weight varies. The mixing chart above is a guideline.
- For small breed goat kids, feed only half of the mixed colostrum solution recommended above.
- Feedings should be evenly spaced throughout the 24-hour period.
- Contact your veterinarian for nutritional requirements.

### **After Day One**

- Continue feeding Defend Lamb & Kid after the first day to ensure continued protection and optimal nutritional benefits.

### **Storage**

- Refrigerate unused colostrum solution immediately after mixing. Warm gently with warm water and mix well before feeding. Do not microwave or freeze. Discard after 8 hours.
- Store unused powder in at room temperature in a dry place.

### **Warning**

- If product is moldy, infested (insects, rodents or other pest) or appears to be abnormal in color or smell, DO NOT FEED.
