

Smart & Simple™ Vitamin E Liquid for Horses

SmartEquine

Each 1 mL serving provides 500 IU of natural Vitamin E as a bioavailable, water-soluble liquid. Supplement for adult horses.

Guaranteed Analysis per 1 mL

Vitamin E (min) 500 IU

Ingredients:

Purified Water, d-alpha-tocopherol, Salt, Yucca Schidigera Extract, Potassium Sorbate (preservative), Citric Acid (preservative)

For use in horses only.

Feeding Directions:

Feed 2-4 mL daily for maintenance, 2 mL = 1000 IU.

For horses deficient in Vitamin E, in intense work, or with specific health conditions, consult your veterinarian to determine the appropriate amount.

Top dress on feed at the time of feeding or administer by mouth.
