

Protect from the Cold

As you treat and protect your cattle this fall with Virbac Products, let us also protect you from the cold with a vest!

For every qualifying purchase of **\$2,000** in Virbac products* between **September 1 and December 31, 2022** we will be happy to send you a vest in the size of your choice!

Tulissin®-100- (tulathromycin injection)

Qualifying purchases

Purchases must be made September 1, 2022 through December 31, 2022 with valid dated invoices. Qualifying purchases have to exceed \$2,000 per upload of invoices. Each individual invoice may be below \$2,000 providing the total amount of Virbac products on the uploaded invoices exceeds this amount.

* Qualifying Virbac products are Tulissin® 100 mg/ml tulathromycin injection vials of 50 mL, 100 mL, 250 mL and 500 mL; Tenotryl™ (enrofloxacin) injectable solution, vials of 100 mL, 250 mL and 500 mL.

Invoices

Must be uploaded on our website on or before December 15, 2022 by going to **vet-us.virbac.com/home/cattle/livestock-health-vest-give-away.html** or scanning this QR code. Customers can participate in the offer more than once but rewards are capped at 5 vests per customer, corresponding to a qualifying purchase of \$10,000.

Tenotryl™ (enrofloxacin) injectable solution

Eligibility

Cattle producers that are US residents and Veterinary Clinics are eligible to participate. This offer is limited to 5 vests maximum per customer.
